What Federal Funding Changes Mean for NM Nonprofits

"We encourage everyone to take time with the report to better understand the challenges ahead, the key data it presents, and the recommendations it offers. The message is clear: nonprofits across New Mexico, especially those serving rural, tribal, and immigrant communities, need our compassion and collective support across sectors, across roles, and across differences."

-Christopher Goett, President & CEO of the Santa Fe Community Foundation

Download Santa Fe Community Foundation's new report with partners at the Thornburg Foundation and Anchorum Health Foundation: Impact of Federal Funding Changes on New Mexico's Philanthropic Sector.
